Skills

MongoDB Postgres · Java Swift · JavaScript TypeScript · Realm SQLite · Vue Nuxt · Node Express · ReactNative React · Android iOS · Meteor Nest Next · graphQl Apollo

Education

2018, Mobile Web Specialist Nanodegree, Udacity
2017 - 2018, Full-stack web developer, FreeCodeCamp
2002 - 2003, MSc., Physics, Astronomy, Taras Shevchenko National University, Kyiv, Ukraine
1998 - 2003, BSc, Specialist, Physics National University "Kyiv-Mohyla Academy", Kyiv, Ukraine

Certificates

IELTS Academic - Score – 7.0
Front-End Development – FreeCodeCamp
Data Visualization – FreeCodeCamp
MongoDB Basics - Mongo University
MongoDB for Node.js developers - Mongo University
Mobile Web Nanodegree - Udacity
Android Development - Udacity and 1 Million Arab Coders Initiative, Google Africa

Overview

- Commercial mobile apps development experience - 3+Y
- JS expert level, TS advanced level
- Experience in native Android and iOS development
- Packages development: writing / modification of react-native modules for Android and iOS, plain JavaScript packages
- Experience with ReactNative, React, Vue, Apollo (client, server), Firebase cloud services
- Experience with integration into the app of packages for: video calls, camera, image preview/pre-processing, video/audio players/recorders, app navigation (router), crypto wallets, push notifications, maps, geolocation, chats, file upload, storage, mobile dbs
- Experience with integration of REST, graphql, and Meteor backend into mobile apps
- Handling review and releases of apps on AppStore and GooglePlay
- Writing project documentation with TypeDoc, ui documentation with StoryBook
- Unit testing with Jest and Enzyme
- Research and analysis of existing software according requirements
- Building mobile apps from scratch till release
- Ability to work independently without supervision
- Strong communication and collaboration skills

Experience

Mar 2020 - now	**Mobile Developer (ReactNative, TypeScript, Android, iOS), remote** DeliveryMates
Sep 2018 - Mar 2020	**Mobile Developer (ReactNative, JavaScript, Android), remote** Mongrov
Mar 2017 - Sep 2018	**Full-stack web developer** freelancer
Feb 2013 - March 2016	**Founder** TiketsDeals
Nov 2006 - May 2012	**Operations Manager** TurtessTravel Egypt
Jul 2003 - Sep 2006	**Key Account Manager** Epson Europe B.V., Ukraine

Programming

Languages	JavaScript, TypeScript, Java, Swift, Python
Mobile	ReactNative, Android and iOS native, Firebase cloud services
Front-End	React, Next, Gatsby, Vue, Nuxt, Redux, Apollo client, Sass, styled-components, D3
PWA	ServiceWorker, CacheAPI, IndexedDB
Back-end	Node, Express, Meteor, graphQl, Apollo Server, Nest, TypeORM
Databases	MongoDB, Postgres, Realm, SQLite
Unit Testing	Jest, Enzyme
Source control	git, Github, Gitlab
Other tools	TypeDoc, StoryBook, Webpack, eslint, prettier, Markdown, LaTeX
OS	MacOS, Linux
